### Warning

Your potential liability for loss arising from unauthorised transactions to your account on Internet Banking will increase as set out below. Please read this information carefully

Your best protection against the possibility of unauthorised use is to:

- keep your access codes secure;
- ensure any PC you use has:
  - a firewall
  - a virus scanner;
- ensure that you regularly update the firewall and virus scanner software.

*For our survey of PC security, please complete the following:*

Do you use a firewall?  Yes  No

What brand and version? .....

Do you use a virus scanner?  Yes  No

What brand and version? .....

Do you regularly update your operating system?  Yes  No

In consideration of the Transport Credit Union's agreeing to increase my Internet Banking Limit for transfers to 3<sup>rd</sup> parties, I agree to a variation of the EFT Access Facilities and EFT Conditions of Use as follows:

For any unauthorised transactions that the Credit Union can prove, on the balance of probabilities, arose through:

- my fraud;
- failure to keep my Internet Banking access code secure;
- failure to have operational virus scanners and a firewall instated on any PC I use to access my account through Internet Banking;
- failure to regularly update the virus scanner and firewall.

**for consumer Internet Banking** - I agree that my liability for unauthorised transactions will be up to a maximum of my Internet Banking Transfer Limits for each day the unauthorised use occurred.

**for business Internet Banking** - I agree that I will be liable for ALL unauthorised use.
